

CONCRETE RESULTS FOR THE CONCRETE INDUSTRY™

GRAPHICS & MARKETING SERVICES

Create or enhance your brand!

Most of us can use guidance and assistance in developing and creating a solid marketing plan. This is even more challenging for companies in the concrete products industry since there aren't very many agencies that understand our product lines, the needs of our customers, or can appreciate the goals of our industry.

In response to the needs of our customers and the industry, Concrete Results created a professional graphics and marketing department. Our team has many years of experience in graphic design, logos, brochures, cut sheets, e-marketing and extensive relationships in the printing industry. We are your turn-key solution to all your marketing needs.

Our marketing department is well versed in concrete pavers, retaining walls, block, wetcast, stone veneer and much more. If you have a project in mind, or would like to discuss some options, please contact angela@concrete-results.com or call her directly at 817-690-2371.

We can assist your company in developing results-driven marketing campaigns that can include:

- » electronic marketing programs
- » e-blasts & e-newsletters
- » updates & changes to your website
- » create new flyers targeted to your market
- » aid in creation of social media presence
- » printing & shipping of your existing brochures at competitive prices
- » banners & booths for tradeshow or showrooms

"Concrete Results most recently printed our Spring Show Books... After many years of dealing with local printers - I've never been so pleased and impressed with your service, attention to detail and quality of work. Questions were answered promptly and efficiently. The ease of submitting my corrections via an FTP site and as well viewing proofs for our hard copy books - made everything so worthwhile and cost efficient for all concerned. West Main Studios was completely satisfied with the quality and overall outcome of our Program Books. Thank you Angela, for your expert service and we look forward to many more jobs with your company. Thank you!

--Beverly Smith, West Main Studios, Madison, AI
